THAT is exactly what you do if you have his prescriptions compounded elsewhere than at a pharmacy where quality is the first consideration. There is no half right in medicine; it is either right or wrong. If it is not exactly in accordance with the doctor's prescription it is wrong.

## ADA GETS 1st GAME

### SCORES 3 TO 4 IN ELEVEN INNINGS

Fans had the pleasure yesterday of witnessing the best game of ball ever played on the Ada diamond. The train was late and necessarily delayed the game, but when it did begin it was fast and furious.

Mayor Harrison christened the park by pitching the first ball over the plate.

The Coalgate boys were evidently surprised and realized from the start that they were up against a hard game and fought manfully, but of no avail. Ada started off in the 1st inning by scoring 2 runs and later scored another. The Coalgate team was held down to no runs until near the close of the game when a ball thrown to first base gave them a start. The game stood 3 and 3 at the close of the 9th inning. Coalgate went to bat but failed to score in the first half of the 10th. Then came Ada's time. One man walked from a hit ball and went to third. Two men on bases and 2 out when Jim Ellis saved the day by knocking a two bagger scoring two men. One run was only necessary to win and the last run was not counted. Ellis was picked up by his admirers and carried on their shoulders to the gates. The Coalgate team are all gentlemen, mostly miners, and have the reputation of being the best team in southwest Oklahoma. Some of the Ada fans were much surprised to find our team a good one. Why? Because they had never seen them play before.

Now, let's encourage the team by patronizing them and have some first class ball this summer. We will give a full account of the game Monday.

## BAND CONCERT LAST NIGHT

### A GOOD CROWD, IS MUCH APPRECIATED

A very good and appreciative audience greeted the band boys at the aridome last night. The music was exceptionally good and the audience showed their appreciation by continued applause. A beautiful bouquet of flowers was presented the band by Mrs. McCall and Mrs. Spell with a

note of thanks expressing their appreciation of the uniform caps presented them by the band as a token of the appreciation of services rendered on different occasions.

After paying all expenses the band netted \$12.30 which will go toward paying for their beautiful new uniforms.

## ALLIES FOR SHERMAN

THE ADMINISTRATION LEADERS COULDN'T HOLD THE DELEGATES TOGETHER ON ANY PROGRESSIVE WESTERN MAN

### TAFT ENOUGH, THEY DECLARE

Celebrations Insisted That New York Should Name Candidate for Eastern Strength

Chicago, June 19.—No candidate had been agreed upon by the administration when the republican convention met this morning to nominate a candidate for vice president. The "allies" on the other hand, presented a united front for James S. Sherman, the New York congressman. Joseph D. Cannon, Speaker of the House, had agreed to his nomination. The conferences in the room of Frank H. Hitchcock lasted all night. The long distance telephone conferences with Secretary Taft continued so long as the leaders here kept together.

Taft made it so clear that he wanted a progressive Western republican for his running mate that every delegate in the convention who sought to learn the truth understood it.

The last suggestion which came from Washington was that Senator Beveridge of Indiana should be nom-

inated if it were possible. The majority of those in conference with Hitchcock replied that in their opinion this nomination could not be accomplished. With the "allies" united and the Taft supporters divided, it was apparent that Sherman would be nominated unless adjournment could be secured or another candidate agreed upon while the delegates were assembled.

Minnesota decided to present the name of F. B. Kellogg. It was hoped that other delegations might be induced to offer favorite sons and block temporarily, at least, a nomination.

The administration forces could hardly have been in worse shape to enter a contest. They had in vain tried to unite on Dolliver, Cummins, Kellogg and Beveridge. Many delegations couldn't be made to see that a Western candidate for vice president was desirable so long as Taft was the candidate.

### Plant Late Corn

The extremely wet weather the  
past two months has greatly discour-  
aged many farmers and some seem to  
think there is poor chance for corn.  
Now brother farmers this writer  
has planted corn on fourth of July  
and made fine corn; have planted in  
the latter part of June and made good  
corn. Some say Oh, the dry weather  
in August will ruin it. I wish to say  
that if properly planted and cultivat-  
ed we have three chances to win

where there is one to fill.  
There is plenty of time to make peas  
and they are splendid hog feed and  
will save corn. Let's all plant late  
corn and peas—plant the peas in corn  
last plowing and we will have hog  
and hominy.

A FARMER.

### TEDDY A JOKER.

The Great President Loves to Play  
With His Boys—Hits Plumber.

When he throws off the cares of  
office and romps with his children  
President Roosevelt becomes, for the  
time being, a prank playing, big  
boy. Moreover, he can enjoy a joke  
turned against himself. Once, while  
visiting his sister, Mr. Roosevelt  
entered the room after every one else  
was at the luncheon table. He was  
laughing heartily.

"I have just played a mad prank  
on the plumber," he declared. Then  
he related how he had gone to the  
bathroom to wash his hands, when he  
heard what seemed to be stealthy  
footsteps coming down the hall. The  
boys had played a number of jokes  
on him, and he immediately sur-  
mised that they were about to spring  
a new one. He sopped a washrag in  
water, then, with the dripping cloth  
in his hand, he waited the attack. The  
steps came nearer and nearer, then  
stopped, and some one tried to open  
the door, which the president was

holding shut. Suddenly he threw  
the door wide open, simultaneously  
swinging the wet cloth over his  
head and shouting gleefully:

"I've got you now!"

The washrag landed, not on the  
head of one of the boys, as he had  
anticipated, but square across the  
face of a startled plumber, who had  
come to repair a defective pipe. It is  
hard to say who was more surprised  
the president or the plumber. Mr.  
Roosevelt apologized profusely ex-  
plained the circumstances, and then  
descended to the dining room, shak-  
ing with laughter.

**SOME OF HARRY PARK'S TALK**

STATES HIS POSITION IN ICE BUSINESS. SOLICITS SUPPORT

To the People of Ada:

I wish to say in regard to the ice business that there has been considerable talk along that line for the past three or four weeks and sometimes any one would almost think there had never been any ice business in Ada before, which you all know is a mistake. I have at all times tried to meet the demand for ice. I have been here six years and there has been ice here nearly all the time, or more so than some towns of larger population. I have at all times tried to meet the demand for ice. I have lost sleep in the past and worked at night as well as my neighbor, and it was a critical time, very hot and dry when ice was most needed, but of course I have not lost any sleep this spring from the simple fact that there hasn't been any occasion, for the ice weather hasn't come yet for the ice man who has his people's wants at heart to worry and lose sleep to keep them in ice, and I want to say that those parties who have come from Kansas City and started the plant here, that they are not any more home people than I am.

As stated above, I have been here six years, and I'll say that I haven't been out of Ada to exceed ten days at any one time, and all the property I own is here and all the interests I have in Ada today, and I want to tell you if the plant that is here can

be run to a success, I am as glad to see it as any one; if it will make any money in Ada I want it to go. But you must remember, I am in the ice business, have got a lot of money invested and have tried to adjust matters with the plant so I would not have to be in any way conflicting with their business and instead, become a customer of theirs myself, but have failed and now I shall ask of you to remember that I've kept ice here when no one else would through winter and summer and especially in the winter season; of course you did not want it then, only in case of sickness and in case of that sort you most assuredly needed it if you ever did in the world. Now think, when did you call to get it? I will leave that for you to say. Now I will ask your support for the above reason.

I have the best ice that is manufactured in the southwest. There is none better. I use the Chas. V. Sanderson coupon system which is given up to be the best and most reliable system for handling ice ever invented.

The books range in size and price as follows. 200-lb. book, \$1.00; 300-lb. book, \$1.50; 500-lb. book, \$2.50; 1,000-lb. book, \$5.00.

**On The Railroad Dumps**

Yesterday afternoon the News reporter noticed about as many people on the railroad dumps watching the base ball game as there were inside. It is unfortunate for the club that this dump is where it is, but it can not be helped. If I wanted to see a game and didn't have the money, I would bum it or stand the gate keeper off. I certainly could not enjoy a game of ball where everybody passing would comment on my stininess.

## The Vanishing Fleets

By ROY NORTON

### CHAPTER XXIV. The Last Cruise.

Summer, dying, was bravely courtesying to its executioner, fall. Over the immense canyons of the mountainous city of New York the afternoon sun was drawing the curtains of a gala day. Triumphal arches spanned the throbbing streets, and down the fronts of the towering buildings streamed a wealth of smothering color where the flags of all nations were intermingled. Not within its existence had this city by the sea, this maw of the nation, entertained such gallant throngs.

Smart British officers drove here and there in company with friends. Gayly-clad mandarins stared through narrow eyes at the somber men of Japan; fez crowned Turks smiled at gorgeously uniformed men from the Balkans; German officers, splendidly erect, traversed the streets in company with soldiers of that other eagle's race, the Russians; colonials from Australia hobbled with men of New Zealand; and the folk of Italy bowed gravely to the cavaliers of old Spain, who had been watching a group from that other republic, France. Representatives of the world had assembled, under the pretext of witnessing an international marriage, to pay deference to the one invincible power. It was in reality more than that: it was the universal ratification of peace, of mutual disbandment and disarmament.

As the day lengthened the city poured its throng to the shores of the bay, where were assembled varied squadrons. The time for the departure of these was at hand, and scurrying launches conveyed aboard the men whom they had brought to this alien wedding. These eminent passengers were among the comparative few who had witnessed the ceremony and had gained more than a casual glance at the bride and groom. Those other thousands had been contented with a stare at Hillier and his wife as they rode in state through the broader thoroughfares in the morning sunlight, and for details had read the newspapers which, glowing in a plethora of news, had told them all.

Nothing had been neglected, not even the fact that this clean-cut Englishman had given the best that was in him for his country, and that the calm-eyed American girl was the one who had played her part in war and was the idol of her countrymen. Already they had published pictures of the king and president, who as guests had stood side by side, and portraits of the most distinguished men of the globe who had deferentially taken places behind them. Only one thing was hidden from the eager public, and that was the manner in which they had been reunited.

Guy, saddened and worn by failure,

### DOING THEIR DUTY.

Scores of Readers Are Learning the Duty of the Kidneys.

To filter the blood is the kidneys' duty.

When they fail to do this the kidneys are sick.

Backache and many kidney ills follow;

Urinary trouble, diabetes.

Doan's Kidney Pills cure them all.

G. W. Pulse, janitor of the Central school, residing at 315 E. Logan avenue, Guthrie, Okla., says: "Doan's Kidney Pills are a remedy in which I have great confidence, and I heartily re-endorse what I have before stated about them in our Guthrie newspapers. I have had occasion to appeal to them twice since giving my original statement, and as in the former case, they quickly dispersed the backache and other symptoms of either over-excited or weakened kidneys. I have been asked about them by a number of my friends and acquaintances, and I never fail to speak of them in high words of praise. I remember one party in particular who came to me and asked about them. It was a friend who was suffering and had been for years. I advised him to use them. He did so, and I afterwards, learned that they cured him completely. It is a pleasure to endorse a remedy which acts up to the representation made for it."

# The City of Ada

Ada host invites all the balance of Pontotoc to be her guests on the 4th of July. The occasion will be a big basket picnic and barbecue and appropriate celebration in commemoration of the birth of this great republic.

Ada is proud to be the county seat of such a fine county as Pontotoc and feels duly regardful of those outlying districts and cities in the county which have reflected so creditably and profitably on her in such material and substantial manner.

Ada wants to warm with the balance of the county.

Come to Ada on the 4th and be her guest for the day and if you are not entertained properly it will be an "error of the head and not the heart."

There will be on hand brass bands and statesmen, great fireworks display, and every character of legitimate amusement. The people of the county will get acquainted on that day, and enjoy, all together, the biggest public dinner ever served in the Chicksaw country.

If one feels dull and spiritless, in the spring or early summer, they call it "Spring Fever." But there is no fever—usually. It is the after effect of our winter habits. The nerves are mostly at fault. Tired, worn-out nerves leave us languid, lifeless and without spirit or ambition. A few doses of Dr. Shoop's Restorative will absolutely and quickly change all of these depressing symptoms. The Restorative of course won't bring you back to full health in a day or two, but it will do enough in 48 hours to satisfy you that the remedy is reaching that "tired spot." Druggists everywhere are advising its use as a splendid and prompt general tonic. It gives more vim and more spirit to the spoonful than any other known nerve or constitutional tonic. It sharpens a failing appetite, aids digestion, frees sluggish livers and kidneys, and brings new life, strength and ambition. Test it a few days and be convinced.

G. M. RAMSEY.

To stop any pain, anywhere in 20 minutes, simply take just one of Dr. Shoop's Pink Pain Tablets. Pain means congestion—blood pressure—that is all. Dr. Shoop's Headache—or Pink Pain Tablets—will quickly coax blood pressure away from pain centers. After that, pain is gone. Headache, Neuralgia, painful periods with women etc., get instant help. 20 Tablets 25c. Sold by Ramsey's Drug Store.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure it with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c.

## ALLIES FOR SHERMAN

(Continued from Page 1.)

The East, on the other hand, was united for Sherman. Although Massachusetts was committed to Governor Guild, Senator Lodge had worked hard all night for Sherman. The fact that Lodge was to place the name of Guild before the convention did not lessen in the slightest degree the activities of this same Lodge in behalf of another man. The more radical supporters of the administration, like Beveridge, Borah of Idaho, and Crawford of South Dakota were highly incensed but they were powerless to accomplish results unless they could unite on a candidate.

The nomination of Sherman was due to several causes. The New York congressman is chairman of the republican congressional committee and in this capacity has placed under obligations to himself republican congressmen from all sections of the country. Sherman is a "good fellow" personally; everybody likes him and the men who daily associated with him formed a compact working force composed of men who had personal friends in every delegation from the East, North and West.

## ADA GETS 1st GAME

### SCORES 3 TO 4 IN ELEVEN INNINGS

Fans had the pleasure yesterday of witnessing the best game of ball ever played on the Ada diamond. The train was late and necessarily delayed the game but when it did begin it was fast and furious.

Mayor Harrison chastened the park by pitching the first ball over the plate.

The Coalgate boys were evidently surprised and realized from the start that they were up against a hard game and fought manfully, but of no avail. Ada started off in the first inning by scoring 2 runs and later scored another. The Coalgate team was held down to no runs until near the close of the game when a ball thrown to first base gave them a start. The game stood 3 and 1 at the close of the 9th inning. Coalgate went to bat but failed to score in the first half of the 10th. Then came Ada's time. One man walked from a hit ball and went to third. Two men on bases and 2 out when Jim Ellis saved the day by knocking a two bagger scoring two men. One run was only necessary to win and the last run was not counted. Ellis was picked up by his admirers and carried on their shoulders to the gates. The Coalgate team are all gentlemen mostly miners and have the reputation of being the best team in southwest Oklahoma. Some of the Ada fans were much surprised to find our team a good one. Why? Because they had never seen them play before.

Now let's encourage the team by patronizing them and have some first class ball this summer.

We will give a full account of the game Monday.

## BAND CONCERT LAST NIGHT

### A GOOD CROWD, IS MUCH APPRECIATED

A very good and appreciative audience greeted the band boys at the aridome last night. The music was exceptionally good and the audience showed their appreciation by continued applause. A beautiful bouquet of flowers was presented the band by Mrs. McCall and Mrs. Spell with a

note of thanks expressing their appreciation of the uniform caps presented them by the band as a token of the appreciation of services rendered on different occasions.

After paying all expenses the band netted \$12.90 which will go toward paying for their beautiful new uniforms.

## ALLIES FOR SHERMAN

THE ADMINISTRATION LEADERS COULDN'T HOLD THE DELEGATES TOGETHER ON ANY PROGRESSIVE WESTERN WIN.

### TAFT ENOUGH, THEY DECLARE

Delegations Insisted That New York Should Name Candidate for Eastern Strength

Chicago June 19—No candidate had been agreed upon by the administration when the republican convention met this morning to nominate a candidate for vice president. The allies on the other hand presented a united front for James S. Sherman the New York congressman. Joseph D. Cannon Speaker of the House had agreed to his nomination. The conference in the room of Frank H. Hitchcock lasted all night. The long distance telephone conferences with Secretary Taft continued so long as the leaders here kept together.

Taft made it so clear that he wanted a progressive Western republican for his running mate that every delegate in the convention who sought to learn the truth understood it.

The last suggestion which came from Washington was that Senator Beveridge of Indiana should be nomi-

nated if it were possible. The majority of those in conference with Hitchcock replied that in their opinion this nomination could not be accomplished. With the allies united and the Taft supporters divided it was apparent that Sherman would be nominated unless agreement could be secured on another candidate agreed upon while the delegates were assembled.

Minnesota decided to present the name of F. B. Kellogg. It was hoped that other delegations might be induced to offer favorite sons and block temporarily at least a nomination.

The administration force could hardly have been in worse shape to enter a contest. They had in vain tried to unite on Dilliver, Cummings, Kellogg and Beveridge. Many delegations couldn't be made to see that a Western candidate for vice president was desirable so long as Taft was the candidate.

### TEDDY A JOKER.

The Great President Loves to Play  
With His Boys—Hits Plumber.

When he throws off the cares of office and romps with his children President Roosevelt becomes, for the time being, a prank playing, big boy. Moreover, he can enjoy a joke turned against himself. Once, while visiting his sister, Mr. Roosevelt entered the room after every one else was at the luncheon table. He was laughing heartily.

"I have just played a mad prank on the plumber," he declared. Then he related how he had gone to the bathroom to wash his hands, when he heard what seemed to be stealthy footsteps coming down the hall. The boys had played a number of jokes on him, and he immediately surmised that they were about to spring a new one. He sopped a washrag in water, then, with the dripping cloth in his hand, he waited the attack. The steps came nearer and nearer, then stopped, and some one tried to open the door, which the president was

holding shut. Suddenly he threw the door wide open, simultaneously swinging the wet cloth over his head and shouting gleefully:

"I've got you now!"

The washrag landed, not on the head of one of the boys, as he had anticipated, but square across the face of a startled plumber, who had come to repair a defective pipe. It is hard to say who was more surprised the president or the plumber. Mr. Roosevelt apologized profusely explained the circumstances, and then descended to the dining room, shaking with laughter.

**SOME OF HARRY PARK'S TALK**

STATES HIS POSITION IN ICE BUSINESS. SOLICITS SUPPORT

To the People of Ada:

I wish to say in regard to the ice business that there has been considerable talk along that line for the past three or four weeks and sometimes any one would almost think there had never been any ice business in Ada before, which you all know is a mistake. I have at all times tried to meet the demand for ice. I have lost sleep in the past and worked at night as well as my neighbor, and it was a critical time, very hot and dry when ice was most needed, but of course I have not lost any sleep this spring from the simple fact that there hasn't been any occasion for the ice weather hasn't come yet for the ice man who has his people's wants at heart to worry and lose sleep to keep them in ice, and I want to say that those parties who have come from Kansas City and started the plant here, that they are not any more home people than I am. As stated above, I have been here six years, and I'll say that I haven't been out of Ada to exceed ten days at any one time, and all the property I own is here and all the interests I have in Ada today, and I want to tell you in the plant that is here can

be run to a success, I am as glad to see it as any one; if it will make any money in Ada I want it to go. But you must remember, I am in the ice business, have got a lot of money invested and have tried to adjust matters with the plant so I would not have to be in any way conflicting with their business and instead, become a customer of theirs myself, but have failed and now I shall ask of you to remember that I've kept ice here when no one else would through winter and summer and especially in the winter season; of course you did not want it then, only in case of sickness and in case of that sort you most assuredly needed it if you ever did in the world. Now think, when did you call to get it? I will leave that for you to say. Now I will ask your support for the above reason.

I have the best ice that is manufactured in the southwest. There is none better. I use the Chas. V. Sanderson coupon system which is given up to be the best and most reliable system for handling ice ever invented.

The books range in size and price as follows: 200-lb book, \$1.00; 300-lb book, \$1.50; 500-lb book, \$2.50; 1,000-lb book, \$5.00.

Yesterday afternoon the News reporter noticed about as many people on the railroad dumps watching the base ball game as there were inside. ## The Vanishing Fleets

By ROY NORTON

### CHAPTER XXIV. The Last Cruise.

Summer, dying, was bravely courtesying to its executioner, fall. Over the immense canyons of the mountainous city of New York the afternoon sun was drawing the curtains of a gala day. Triumphant arches spanned the throbbing streets, and down the fronts of the towering buildings streamed a wealth of smothering color where the flags of all nations were intermingled. Not within its existence had this city by the sea, this mark of the nation, entertained such gallant throngs.

Smart British officers drove here and there in company with friends. Gayly-clad mandarins stared through narrow eyes at the slobber men of Japan; fez crowned Turks smiled at gorgeously uniformed men from the Balkans; German officers, splendidly erect, traversed the streets in company with soldiers of that other eagle's race, the Russians; colonials from Australia hobbled with men of New Zealand; and the folk of Italy bowed gravely to the cavaliers of old Spain, who had been watching a group from that other republic, France. Representatives of the world had assembled, under the pretext of witnessing an international marriage, to pay deference to the one invincible power. It was in reality more than that; it was the universal ratification of peace, of mutual disarmament and disarmament.

As the day lengthened the city poured its throng to the shores of the bay, where were assembled varied squadrons. The time for the departure of these was at hand, and scurrying launches conveyed aboard the men whom they had brought to this alien wedding. These eminent passengers were among the comparative few who had witnessed the ceremony and had gained more than a casual glance at the bride and groom. Those other thousands had been contented with a stare at Hillier and his wife as they rode in state through the broader thoroughfares in the morning sunlight, and for details had read the newspapers which, glorying in a plethora of news, had told them all.

Nothing had been neglected, not even the fact that this clean-cut Englishman had given the best that was in him for his country, and that the calm-eyed American girl was the one who had played her part in war and was the idol of her countrymen. Already they had published pictures of the king and president, who as guests had stood side by side, and portraits of the most distinguished men of the globe who had deferentially taken places behind them. Only one thing was hidden from the eager public, and that was the manner in which they had been reunited.

Guy, saddened and worn by failure,

## Stop That Cold

To check early colds or Grippe with "Preventics" means sure defeat for Flu, Croup, etc. To stop a cold with Preventics is safer than to let it run and be obliged to cure it afterwards. To be sure, Preventics will cure even a deeply seated cold, but taken early—at the sneeze stage—they break, or that's why they are called Preventics. Preventics are little Candy Cold Cures. No Quinine, no physic, nothing sickening. Nice for the children—and thoroughly safe too. If you feel chilly, if you sneeze, if you ache all over, think of Preventics. Promptness may also save half your sickness. And don't forget your child, if there is feverishness, nightcrying. Herein probably lies Preventics' greatest efficiency. Sold in boxes for the pocket, also in 25c boxes of 48 Preventics. Insist on your druggists giving you

## DOING THEIR DUTY.

Scores of Readers Are Learning the Duty of the Kidneys.

To filter the blood is the kidneys' duty.

When they fail to do this the kidneys are sick.

Backache and many kidney ills follow;

Urinary trouble, diabetes.

Doan's Kidney Pills cure them all.

G. W. Pulse, janitor of the Central school, residing at 315 E. Logan avenue, Guthrie, Okla., says: "Doan's Kidney Pills are a remedy in which I have great confidence, and I heartily re-endorse what I have before

stated about them in our Guthrie newspapers. I have had occasion to appeal to them twice since giving my original statement, and as in the former case, they quickly dispersed the backache and other symptoms of

either over-excited or weakened kidneys. I have been asked about them by a number of my friends and acquaintances, and I never fail to speak of them in high words of praise. I remember one party in particular who came to me and asked about them. It was a friend who was suffering and had been for years. I advised him to use them. He did so, and I afterwards, learned that they cured him completely. It is a pleasure to endorse a remedy which acts up to the representation made for it."

# The City of Ada

A host invites all the balance of Pontotoc to be her guests on the 4th of July. The occasion will be a big basket picnic and barbecue and appropriate celebration in commemoration of the birth of this great republic.

Ada is proud to be the county seat of such a fine county as Pontotoc and feels duly regardful of those outlying districts and cities in the county which have reflected so creditably and profitably on her in such material and substantial manner.

Ada wants to warm with the balance of the county.

Come to Ada on the 4th and be her guest for the day and if you are not entertained properly it will be an "error of the head and not the heart."

There will be on hand brass bands and statesmen, great fireworks display, and every character of legitimate amusement. The people of the county will get acquainted on that day, and enjoy, all together, the biggest public dinner ever served in the Chicksaw country.

If one feels dull and spiritless, in the spring or early summer, they call it "Spring Fever." But there is no fever—usually. It is the after effect of our winter habits. The nerves are mostly at fault. Tired, worn-out nerves leave us languid, lifeless and without spirit or ambition. A few doses of Dr. Shoop's Restorative will absolutely and quickly change all of these depressing symptoms. The Restorative of course won't bring you back to full health in a day or two, but it will do enough in 48 hours to satisfy you that the remedy is reaching that "tired spot." Druggists everywhere are advising its use as a splendid and prompt general tonic. It gives more vim and more spirit to the spoonful than any other known nerve or constitutional tonic. It sharpens a failing appetite, aids digestion, froes sluggish livers and kidneys, and brings new life, strength and ambition. Test it a few days and be convinced.

G. M. RAMSEY.

To stop any pain, anywhere in 20 minutes, simply take just one of Dr. Shoop's Pink Pain Tablets. Pain means congestion—blood pressure—that is all. Dr. Shoop's Headache—or Pink Pain Tablets—will quickly coax blood pressure away from pain centers. After that, pain is gone. Headache, Neuralgia, painful periods with women etc., get instant help. 20 Tablets 25c. Sold by Ramsey's Drug Store.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure it with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a tea-spoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. ## ADA GETS 1st GAME

### SCORES 3 TO 4 IN ELEVEN INNINGS

Fans had the pleasure yesterday of witnessing the best game of ball ever played on the Ada diamond. The train was late and necessarily delayed the game but when it did begin it was fast and furious.

Mayor Harrison christened the park by pitching the first ball over the plate.

The Coalgate boys were evidently surprised and realized from the start that they were up against a hard game and fought manfully, but of no avail. Ada started off in the 1st inning by scoring 2 runs and later scored another. The Coalgate team was held down to no runs until near the close of the game when a ball thrown to first base gave them a start. The game stood 3 and 3 at the close of the 8th inning. Coalgate went to bat but failed to score in the first half of the 10th. Then came Ada's time. One man walked from a hit ball and went to third. Two men on bases and 2 out when Jim Ellis saved the day by knocking a two bagger scoring two men. One run was only necessary to win and the last run was not counted. Ellis was picked up by his admirers and carried on their shoulders to the gates. The Coalgate team are all gentlemen mostly unners and have the reputation of being the best team in southwest Oklahoma. Some of the Ada fans were much surprised to find our team a good one. Why? Because they had never seen them play before.

Now lets encourage the team by patronizing them and have some first class ball this summer.

## BAND CONCERT LAST NIGHT

### A GOOD CROWD, IS MUCH APPRECIATED

A very good and appreciative audience greeted the band boys at the aridome last night. The music was exceptionally good and the audience showed their appreciation by continued applause. A beautiful bouquet of flowers was presented the band by Mrs. McCall and Mrs. Spell with a

note of thanks expressing their appreciation of the uniform caps presented them by the band as a token of the appreciation of services rendered on different occasions.

After paying all expenses the band netted \$12.90 which will go toward paying for their beautiful new uniforms.

## ALLIES FOR SHERMAN

THE ADMINISTRATION LEADERS COULDN'T HOLD THE DELEGATES TOGETHER ON ANY PROGRESSIVE WESTERN MAN

### TAFT ENOUGH, THEY DECLARE

Delegations Insisted That New York Should Name Candidate for Eastern Strength

Chicago, June 19.—No candidate had been agreed upon by the administration when the republican convention met this morning to nominate a candidate for vice president. The allies on the other hand presented a united front for James S. Sherman the New York congressman. Joseph D. Cannon, Speaker of the House had agreed to his nomination. The conference in the room of Frank H. Hitchcock lasted all night. The long distance telephone conferences with Secretary Taft continued so long as the leaders here kept together.

Taft made it so clear that he wanted a progressive Western republican for his running mate that every delegate in the convention who sought to learn the truth understood it.

The last suggestion which came from Washington was that Senator Beveridge of Indiana should be nomi-

nated if it were possible. The majority of those in conference with Hitchcock replied that in their opinion this nomination could not be accomplished. With the allies united and the Taft supporters divided it was apparent that Sherman would be nominated unless announcement could be secured for another candidate agreed upon while the delegates were assembled.

Minnesota decided to present the name of F. B. Kellogg. It was hoped that other delegations might be induced to offer favorite sons and block temporarily at least a nomination.

The administration force could hardly have been in worse shape to enter a contest. They had in vain tried to unite on Dolliver, Cummins, Kellogg and Beveridge. Many delegations couldn't be made to see that a Western candidate for vice president was desirable so long as Taft was the candidate.

### Plant Late Corn

The extremely wet weather the past two months has greatly discouraged many farmers and some seem to think there is poor chance for corn. Now brother farmers this writer has planted corn on fourth of July and made fine corn; have planted in the latter part of June and made good corn. Some say Oh, the dry weather in August will ruin it. I wish to say that if properly planted and cultivated we have three chances to win

where there is one to fill. There is plenty of time to make peas and they are splendid hog feed and will save corn. Let's all plant late corn and peas—plant the peas in corn last plowing and we will have hog and hominy

### TEDDY A JOKER.

The Great President Loves to Play  
With His Boys—His Plumber.

When he throws off the cares of office and romps with his children President Roosevelt becomes, for the time being, a prank playing, big boy. Moreover, he can enjoy a joke turned against himself. Once, while visiting his sister, Mr. Roosevelt entered the room after every one else was at the luncheon table. He was laughing heartily.

"I have just played a mad prank on the plumber," he declared. Then he related how he had gone to the bathroom to wash his hands, when he heard what seemed to be stealthy footsteps coming down the hall. The boys had played a number of jokes on him, and he immediately surmised that they were about to spring a new one. He sopped a washrag in water, then, with the dripping cloth in his hand, he waited the attack. The steps came nearer and nearer, then stopped, and some one tried to open the door, which the president was

holding shut. Suddenly he threw the door wide open, simultaneously swinging the wet cloth over his head and shouting gleefully:

"I've got you now!"

The washrag landed, not on the head of one of the boys, as he had anticipated, but square across the face of a startled plumber, who had come to repair a defective pipe. It is hard to say who was more surprised the president or the plumber. Mr. Roosevelt apologized profusely explained the circumstances, and then descended to the dining room, shaking with laughter.

## SOME OF HARRY PARK'S TALK

STATES HIS POSITION IN ICE BUSINESS. SOLICITS SUPPORT

To the People of Ada:  
I wish to say in regard to the ice business that there has been considerable talk along that line for the past three or four weeks and sometimes any one would almost think there had never been any ice business in Ada before, which you all know is a mistake. I have at all times tried to meet the demand for ice. I have been here six years and there has been ice here nearly all the time, or more so than some towns of larger population. I have at all times tried to meet the demand for ice. I have lost sleep in the past and worked at night as well as my neighbor, and it was a critical time, very hot and dry when ice was most needed, but of course I have not lost any sleep this spring from the simple fact that there hasn't been any occasion for the ice weather hasn't come yet for the ice man who has his people's wants at heart to worry and lose sleep to keep them in ice, and I want to say that those parties who have come from Kansas City and started the plant here, that they are not any more home people than I am. As stated above, I have been here six years, and I'll say that I haven't been out of Ada to exceed ten days at any one time, and all the property I own is here and all the interests I have is in Ada today, and I want to tell you: the plant that is here can be run to a success, I am as glad to see it as any one; if it will make any money in Ada I want it to go. But you must remember, I am in the ice business, have got a lot of money invested and have tried to adjust matters with the plant so I would not have to be in any way conflicting with their business and instead, become a customer of theirs myself, but have failed and now I shall ask of you to remember that I've kept ice here when no one else would through winter and summer and especially in the winter season; of course you did not want it then, only in case of sickness and in case of that sort you most assuredly needed it if you ever did in the world. Now think, when that for you to say. Now I will ask your support for the above reason. I have the best ice that is manufactured in the southwest. There is none better. I use the Chas. V. Sanderson company system which is given up to be the best and most reliable system for handling ice ever invented. The books range in size and price, as follows: 200-lb. book, \$1.00; 300-lb. book, \$1.50; 500-lb. book, \$2.50; 1,000-lb. book, \$5.00. Years for business. CRYSTAL ICE AND COAL CO. W. H. ### On The Railroad Dumps

Yesterday afternoon the News reporter noticed about as many people on the railroad dumps watching the base ball game as there were inside. It is unfortunate for the club that this dump is where it is, but it can not be helped. If I wanted to see a game and didn't have the money, I would bum it or stand the gate keeper off. I certainly could not enjoy a game of ball where everybody passing would comment on my stinkiness.

### CHAPTER XXIV. The Last Cruise.

Summer, dying, was bravely courting to its executioner, fall. Over the immense canyons of the mountainous city of New York the afternoon sun was drawing the curtains of a gala day. Triumphant arches spanned the throbbing streets, and down the fronts of the towering buildings streamed a wealth of smothering color where the flags of all nations were intermingled. Not within its existence had this city by the sea, this maw of the nation, entertained such gallant throngs.

Smart British officers drove here and there in company with friends. Gayly-clad mandarins stared through narrow eyes at the somber men of Japan; fez crowned Turks smiled at gorgeously uniformed men from the Balkans; German officers, splendidly erect, traversed the streets in company with soldiers of that other eagle's race, the Russians; colonials from Australia huddled with men of New Zealand; and the folk of Italy bowed gravely to the cavaliers of old Spain, who had been watching a group from that other republic, France. Representatives of the world had assembled, under the pretext of witnessing an international marriage, to pay deference to the one invincible power. It was in reality more than that: it was the universal ratification of peace, of mutual disarmament and disarmament.

As the day lengthened the city poured its throng to the shores of the bay, where were assembled varied squadrons. The time for the departure of these was at hand, and scurrying launches conveyed aboard the men whom they had brought to this alien wedding. These eminent passengers were among the comparative few who had witnessed the ceremony and had gained more than a casual glance at the bride and groom. Those other thousands had been contented with a stare at Hitler and his wife as they rode in state through the broader thoroughfares in the morning sunlight, and for details had read the newspapers which, glowing in a plethora of news, had told them all.

Nothing had been neglected, not even the fact that this clean-cut Englishman had given the best that was in him for his country, and that the calm-eyed American girl was the one who had played her part in war and was the idol of her countrymen. Already they had published pictures of the king and president, who as guests had stood side by side, and portraits of the most distinguished men of the globe who had deferentially taken places behind them. Only one thing was hidden from the eager public, and that was the manner in which they had been reunited.

A. Abbott was here from Sulphur today in the interest of the Barbecue and says that Sulphur is able to take care of the crowds and will arrange so everyone can hear Mr. Williams talk. State Senator John P. Hickman will be present also and will make an address.

To filter the blood is the kidneys' duty.

Backache and many kidney ills follow;

Urinary trouble, diabetes.

Doan's Kidney Pills cure them all.

G. W. Pulse, janitor of the Central school, residing at 315 E. Logan avenue, Guthrie, Okla., says: "Doan's Kidney Pills are a remedy in which I have great confidence, and I heartily re-endorse what I have before stated about them in our Guthrie newspapers. I have had occasion to appeal to them twice since giving my original statement, and as in the former case, they quickly dispersed the backache and other symptoms of either over-excited or weakened kidneys. I have been asked about them by a number of my friends and acquaintances, and I never fail to speak of them in high words of praise. I remember one party in particular who came to me and asked about them. It was a friend who was suffering and had been for years. I advised him to use them. He did so, and I afterwards, learned that they cured him completely. It is a pleasure to endorse a remedy which acts up to the representation made for it."

# The City of Ada

A host invites all the balance of Pontotoc to be her guests on the 4th of July. The occasion will be a big basket picnic and barbecue and appropriate celebration in commemoration of the birth of this great republic.

Ada is proud to be the county seat of such a fine county as Pontotoc and feels duly regal of those outlying districts and cities in the county which have reflected so creditably and profitably on her in such material and substantial manner.

Ada wants to warm with the balance of the county.

Come to Ada on the 4th and be her guest for the day and if you are not entertained properly it will be an "error of the head and not the heart."

There will be on hand brass bands and statesmen, great fireworks display, and every character of legitimate amusement. The people of the county will get acquainted on that day, and enjoy, all together, the biggest public dinner ever served in the Chicksaw country.

If one feels dull and spiritless, in the spring or early summer, they call it "Spring Fever." But there is no fever—usually. It is the after effect of our winter habits. The nerves are mostly at fault. Tired, worn-out nerves leave us languid, listless and without spirit or ambition. A few doses of Dr. Shoop's Restorative will absolutely and quickly change all of these depressing symptoms. The Restorative of course won't bring you back to full health in a day or two, but it will do enough in 48 hours to satisfy you that the remedy is reaching that "tired spot." Druggists everywhere are advising its use as a splendid and prompt general tonic. It gives more vim and more spirit to the spoonful than any other known nerve or constitutional tonic. It sharpens a failing appetite, aids digestion, frees sluggish livers and kidneys, and brings new life, strength and ambition. Test it a few days and be convinced.

To stop any pain, anywhere in 20 minutes, simply take just one of Dr. Shoop's Pink Pain Tablets. Pain means congestion—blood pressure—that is all. Dr. Shoop's Headache—or Pink Pain Tablets—will quickly coax blood pressure away from pain centers. After that, pain is gone. Headache, Neuralgia, painful periods with women etc., get instant help. 20 Tablets 25c. Sold by Ramsey's Drug Store.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure it with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists, 75c.

### BETTER THAN SPANKING

Spanking does not cure children of bed wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, South Bend, Ind., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.
